• Milestones

1985- Our company.

1988- We obtained a Turkish Standards Compliance Certificate .

1996- We installed our first full automatic elevator.

2001- We have started having all elevators and their use be insured, which have been providing maintenance services, and assumed this as a company policy.

2002- For the first time we have started using the remote access elevator control systems.

2003- We obtained our first ISO 9001:2000 certificate .

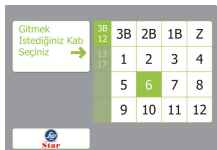

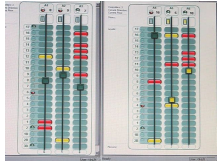

2004- We obtained CE certification from LIFTINSTITUUT (as per 95/16/AT Lift Directive, Annex XIII, Module H and EN ISO 9001:2000).

2005- We designed and made the software for the elevator multimedia system and started using it.

2007- We obtained our EN 13015 Certificate from LIFTINSTITUUT.

2008- For the first time we have started using the elevator group control with artificial intelligence (destination entry system).

2010- We have obtained our EN ISO 9001:2008 Certificate from LIFTINSTITUUT.

Star – Maximum Safety and Quality

- **Our Vision**

We aim to raise trained and qualified personnel who closely follow up the developments in the field of elevators, work assuming the principles of quality, accountability and continuousness with a vast base of knowledge and accordingly to succeed large projects.

- **Our Mission**

Our company's mission is to continue our activities by paying attention to customer satisfaction and to safety of life and properties without depriving the quality.
